

TOWN OF PEMBROKE RECYCLING and SUSTAINABILITY COMMITTEE

Wednesday March 6th, 2024 7:00pm

Pembroke Public Library

Trustees Room

Members in attendance: Meghan Watts (Chair) Evan Payne (Clerk) Steve Curley, Kay Kopper, Charles Marshall

Ms. Watts called the meeting called to order at 7:02 pm.

The committee voted to approve previous February meeting minutes. Previous month's meeting minutes were approved unanimously.

The committee discussed the purview of the committee under the new title and then began creating a list of recycling and sustainability initiatives the committee would like to pursue in the near and long term. The committee decided to create an extensive list of ideas and then vote on which ideas to prioritize and discuss how to implement them. Items on this list included: promotion of the Wilson E. Whittaker Recycling Center, educating PTO's about setting up Terracycle programs at schools, editing the committee page on the town website, and hosting a speaker series at the library covering a range of sustainability topics.

The committee unanimously voted to adjourn the meeting at 8 pm.
