

DPW Commissioners Meeting

March 19, 2018

Meeting opened at 3:05 p.m., at Town Hall DPW Office

Present: Paul Whitman, Ben Bastinelli, Jason Federico and Scott Glauben.

Payroll, Warrants and Commitments signed.

New Business: Bi-Monthly meeting with Mass DOT, PA Landers and the town has started. First meeting notes provided of update for the construction season. Some discussion on the round- about as the Fire Chief is concerned with the fire truck being able to maneuver the round-about. Suggestion of leaving the yellow line and putting in yellow hash marks. Will have the fire chief have the fire apparatus ride around it and see if they can maneuver around the splitter islands as well.

Wall for DeMarzo property: Need to find out where the stone was purchased and will get another pallet and add to the existing wall.

Storm Damage & Tree Removal: Glauben is gathering locations of town trees and prices for tree logs removal and disposal for Accountant and Town Administrator.

Notification should be posted on the town's web site for residents to evaluate trees on their property. Also should make an adjustment to the web-site on the town's policy to only cover 10 feet from the street.

Old Business:

Discussion of articles for Annual and Special Meeting. After last meeting with Board of Selectmen it was understood that the DPW wanted override articles to be separate so that the residents could vote up or down on each request as opposed to voting in all up or down.

Work Order Status: All information requested by vendor has been provided to them.

Swanberg Well Site Property: Will remove from this meeting and place it on the Fall Special Town Meeting as all the information will not be ready for this upcoming meeting.

10 Year Master Plan: Town Accountant to come up figures for debt schedule for 1 to 10 million dollars in 1 million increments.

Next Meeting to be held on April 9, 2018 at 3:00 p.m. On the agenda should be:

MacKenzie of Hobomock Street at 3:45

Conservation Committee members to discuss planting at 3:50

Fran Conroy from Sealcoating in at 3:55.

Swanberg Well Drilling results.

Mike Buckley in to discuss debt schedule.

Stormwater Data – Fulmine to follow up with EPG on cleaning up data/mapping

High St Tower

Pavement management update

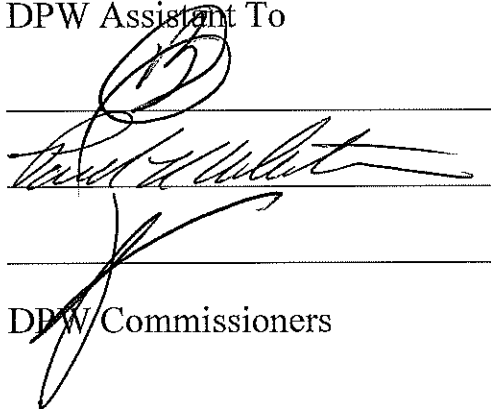

Planning Board Spec Requirement for Road Acceptance – Federico to sketch out drawing for catch basins.

Motion made by Federico and seconded by Whitman to adjourn at 4:45 p.m.

Respectfully submitted,

Rose Campbell

DPW Assistant To
