New Business:

Town Warrant Discussion – Mr. Federico stated he has not received any response back to his two email from Ed Thorne's office. He wanted to know if Gene heard anything, which he stated he did not. Mr. Federico finds in very interesting and that is why he cc: copied other people on those emails. He asked Gene to check on why there has been no response back. Mr. Federico stated is he doesn't hear back soon he will show up at the Selectman's next meeting, and speak to the fact on why he's not received the courteous of a response back from the "Town Manager's Office.

Mr. Whitman asked Gene on whether the truck on the warrant went through. Gene said he didn't think so, plus at the end of the department head meeting he had pulled it. And said that even if it did he was not going to act on it and that at the next town meeting he'd ask to transfer that \$100k towards surplus. Mr. Federico stated maybe we could purchase a utility body for the water personnel.

Commissioners request a list of truck equipment at next meeting.

Old Business:
