### HEALTH AGENT REPORT

Office Activity – Title 5's are up. Market is heating up but interest are going up. A fair amount of failures. Lots of new septic systems (repairs) going in. It has slowed a little bit with the Holiday weekend.

COVID positivity is on the rise in MA. Boston sewer water testing indicates the cases are climbing in MA. Our nurse indicates we are not seeing a rise in hospitalizations or serious illness. There are some mild cases in Town Hall. Protocols have not changed if you are sick. Use common sense we use for any illness.

Office vacations are coming up but the office should be covered for most days.

Newman set a tentative date of August 16<sup>th</sup> at 6:00pm for the next meeting.

Landy said she had to check with Robert DeMarzo about the Livestock Subcommittee joint form to do go over proposed changes to the Livestock Regulations. Newman and Landy brought Jasie up to speed up the proposed changes. The subcommittee and the BoH would like to make everyone, livestock owners and non-livestock neighbors, be good neighbors and be humane to their livestock.

Newman asked for a motion to adjourn the meeting. Jase made a motion to adjourn, Newman seconded and all were in favor. The meeting ended at 6:30pm.
