Why steel garage buildings are an intelligent investment for any of your storage and workshop needs:

- ❖ Our steel garage buildings are completely customizable so that they can meet your precise garage requirements – from choosing the floorplan, color, size, and more. You have complete freedom to design your garage precisely the way you want it.

- ❖ The design and build-out phase for steel garage buildings is much faster.

- ❖ Steel is not subject to the deterioration that regularly constructed buildings are subject too. Thus, your resale value is extraordinary and your steel garage building has the ability to be taken apart, moved and or sold in a rapid manner.

- ❖ Heavy-duty steel garage buildings are resilient require very little if any regular maintenance.

MADE IN THE USA

Steel Commander Corp is a trailblazer in the steel building industry producing a myriad of custom-designed steel buildings.

We are a full-service manufacturer offering our services for the commercial, industrial, residential, garage, storage, and other industries for over forty years.

Our steel building kits are extremely tough but yet easy to assemble.

Why choose Steel Commander Corp?
