**SITE WALK ON HOBOMOCK STREET ALONG BORDER OF SITE PLAN #SP7-16 HOBOMOCK SOLAR PROJECT**

This meeting of the Planning Board was a site walk on Hobomock Street, near the southern edge of the Hobomock Solar Project, Site Plan #SP7-16. The purpose of the site walk was to help decide how to visually screen the solar project from the view of people driving or walking past, and also from abutters.

Ms. Coletta, Mr. Wandell, Mr. Irving, Mr. Smith and Mr. Heins walked along Hobomock Street, and examined the fence and vegetation that currently exist between the street and the solar array. They considered the locations where screening would be most effective, and discussed what kind of additional fencing and/or vegetation would be ideal to use for this screening.

Respectfully submitted,

Matthew Heins, Planning Board Assistant
