#### **SECTION 1: PROCESS**

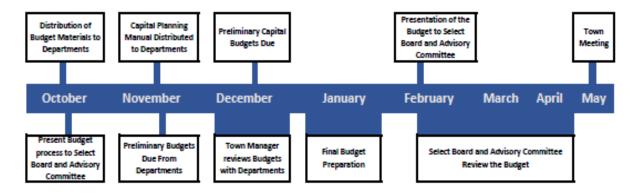

The process of building a budget is as important as the product it produces. Active communication is the key to successfully building a budget that serves the community well. Working together to identify "hot spots" or new trends earlier rather than later is instrumental in building a well-thought out budget.

#### **External Budget Process:**

The legislative body of the Town of Pembroke is Town Meeting. Town Meeting has the sole authority to appropriate funds for the operating budget and capital projects. The Town Manager is required to submit a balanced budget to the Select Board and Advisory Committee ninety (90) days prior (2/10/2021) to the annual Town Meeting (5/11/2021). An *Open Process* is utilized in developing the budget. Internally, input is elicited and encouraged from all staff levels. Externally, citizen participation is encouraged and sought after the budget is released. This open process allows for greater inclusion in decision-making in the overall development of the budget.

The process begins in the fall with the internal budget process. In late October, Town staff work together to develop individual department budget requests that support the operations of the Town's programs and services, as well as address the needs and objectives that are identified by the goals for the current Fiscal Year. Department Heads will meet with the Town Account and Town Manager to review the budget requests and refine department proposals into a cohesive Town Budget.

While the municipal staff is developing one part of the operating budget, the School Department begins a separate process for developing the operating budget of the Pembroke Public Schools. The Town Manager and Accountant will meet with the School Superintendent during the budget preparation process.

The Town Manager is responsible for making budget recommendations for all Town programs. Once the Town Manager presents the recommended budget to the Select Board and the Advisory Committee, a series of meetings is held to vet the budget and allow for the Advisory Committee to review and propose a series of recommendations to Town Meeting. The members of each of the major boards and committees are involved in and help guide the

decision-making process. Through this process, the Town Manager can consider the input of all groups when preparing the budget.

The Advisory Committee will need time to review the annual budget proposal and develop their recommendations for Town Meeting. Their final recommendations on financial articles should be complete at least 14 days prior to the start of the Annual Town Meeting in May.

The result is a collaborative effort involving the citizens, Select Board, School Committee, Advisory Committee, and the town and school staff is required. The quality of the outcome is dependent on the process.

#### **Internal Departmental Budget Development:**

Initial budget requests represent a comprehensive and careful consideration of resources needed to accomplish the mission, goals, and objectives of your department. The requests must be complete and thorough to make it through the Town's budget process. When developing budget requests, it is important to solicit participation from your staff to identify and address the budget needs of the department's programs and services. Each staff person brings a different perspective and expertise to the process. For departments with multiple divisions and programs/subprograms, it may be helpful to start the process with each program developing their individual budget requests. In the initial stages of the budget development, encourage your staff to include **all** the program's budget needs and to prioritize those needs within each individual program. It is especially important this year that the development process within each department carefully reviews each program and element before making the request as the Town's financial resources will be limited.

Once the initial requests have been developed, a team of staff representing the different divisions and programs of the department can be assembled to review and further prioritize the department's requests. Utilizing a team approach in which the different staffing levels, divisions, and programs are all represented enhances the quality, innovation, strategy, and the scope of the department budget requests.

#### SECTION 3: FY 2022 BUDGET PREPARATION

<u>OVERVIEW</u>: This budget preparation manual provides information and instructions necessary to prepare your budget requests in an accurate and timely manner. It also provides an understanding of how the individual steps taken in the development of the budget support and directly relate to the overall process.

The FY 2022 Budget Process provides an organized approach to building the budget. The Department will initially prepare a Level-Service Budget that provides the same level of service at FY 2021 staffing levels, providing for projected adjustments to fixed costs (i.e. contractual services, utilities, etc.) In recognition that a level service budget may not achieve your Department's objectives, Departments may submit *Department Improvement Requests* (DIR) that request additional funding and/or positions to enhance the services provided by your Department. These requests **must** provide additional services or efficiencies.

When preparing your level-service budget, keep in mind:

- Remove one-time expense items from your budget proposal only include recurring costs. For example, if you had money appropriated for a one-time project, (vehicle replacement, server replacement, etc.) take it out of your level-service budget.
- DO NOT INCLUDE restorations in your level-services budget! Please utilize the Department Improvement Request Form (detailed in Section 5) to state the case for funding restorations.
- Highlight revenue enhancements or increases that are available to support your department's operations.

It is strongly encouraged that you involve middle managers and any other interested employees in the budget process – you never know when they will need to know how to put a budget together. Those departments with boards or committees should discuss the budget with your board or committee.

<u>STAYING ON SCHEDULE</u>: Adhering to and meeting deadlines is essential. Please carefully review the list of **Critical Dates** on the previous page to familiarize yourself with the key milestones and deadlines.

Please do not hesitate to contact the Town Manager or Town Accountant with any budget questions or guidance on how to fill out materials.

## SECTION 4: LEVEL-SERVICE BUDGET DEVELOPMENT

#### **CRITICAL DATES**

**DEADLINE** Departments submit their Budget Documents

on or before November 20,2020

<u>OVERVIEW</u>: It is through the Budget Request documents that individual departments identify their expenditure needs for the upcoming year. This section will assist you in preparing the FY 2022 operating budget requests for your department.

**MATERIALS:** The following will be provided in Excel workbooks:

- 1. Departmental workbook with the following sections:
  - a. Budget Sheet
  - b. Narrative Summary of the budget line items
  - c. Mission & Goals
  - d. Organizational Chart
  - e. Staffing Sheets Detailing each individual person & compensation
- 2. Departmental Workbook Section Details:
  - a. Budget Summary of Town Meeting Appropriations & Program Improvement Requests
     This section is automated from the other sections and does not require any input from Department heads.
  - b. Narrative Summary of the budget
     Narrative detail of budget line items.
  - c. Mission & Goals Department's Mission Statement and Department Goals Please review with the Town Manager. Major departmental accomplishments for FY 2020 and 2021 and what challenges you are facing for FY 2022.
  - d. Organizational Chart This can be completed using excel or inserted as an image or presentation.
  - e. Staffing Sheets Detail the compensation for each staff member by budget category.

6

#### **OPERATING BUDGET PARAMETERS:**

Budget Requests should be developed according to the parameters listed below.

- **Overall** Departments are to develop budgets which offer the same level of service being provided in FY 2021.
- **Staffing & Salaries** Staffing worksheets should tie to the budget worksheet salary section categories.
- **Benefits** All benefits are shared costs.
- **Expenses** Expenses should be calculated based upon the level of service you are providing this year and cost savings you may be able to achieve from possible operational efficiencies.

## SECTION 5: PROGRAM IMPROVEMENT BUDGET DEVELOPMENT

## **CRITICAL DATES**

**DEADLINE** 

Departments Improvement Budget Submissions

Due on November 30<sup>th</sup>.

<u>OVERVIEW</u>: Due to the changing nature of the demands for service, the need to supplement existing services or an innovative idea that will produce cost savings over the long run, Departments may request additional funding. To achieve this end, Departments will be asked to fill out the FY 2022 Department Improvement Request Form (see below). This form will allow departments to succinctly enter the costs and rationale for their requests. Blank forms can be obtained electronically.

#### **INSTRUCTIONS**:

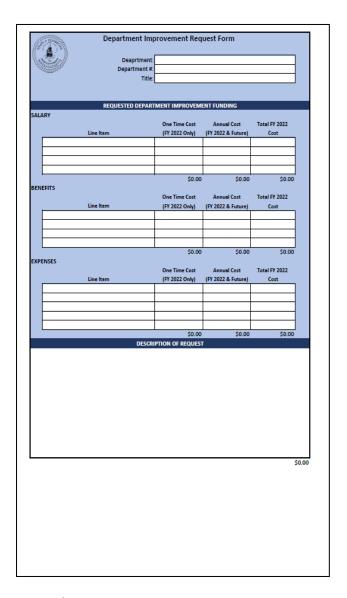

- If your department would like to request additional funds for services that were not provided during FY 2021 or suggest an enhancement to already existing services, please document your request on a "Department Improvement Request". Please provide additional information to support your request, including any cost savings, as an attachment to the DIR.
- If your department is seeking additional staff please provide information on why you believe it
  is necessary, what other options such as contracted services have been evaluated and the
  costs associated with your request, including all estimated benefits for the position. If the
  position does not exist in the Classification and Compensation Bylaws, then you will have to
  meet with the Town Manager to discuss your request prior to submission.

# SECTION 5: DEPARTMENT IMPROVEMENT BUDGET DEVELOPMENT

- Step 1) SAVE FILE Before entering data into this form, make sure to save it with a unique filename. Please save each supplemental request form as a separate document.
- □ Step 2) ENTER DATA IN BOX ① Fill in the departmental and accounting information in the spaces provided.

  Also, provide a descriptive name for the supplemental request with which it can be identified from a list of all requests.
- □ Step 3) ENTER DATA IN BOX ② (Requested Improvement Funding) Identify all costs of the request and enter them into the appropriate boxes. If the costs of the request will be one-time only and discontinued after FY2022 enter the cost figures in the One-Time Cost column.
  - If the costs will be ongoing, requiring funding in FY2022 and years following, enter the cost figures in the *Ongoing* Annual Cost column.
  - Some requests may include both onetime and ongoing costs. If so, note the type of cost in the appropriate column.
  - ☐ The *TOTAL* row and column will automatically calculate the sum of the data entered.

□ Step 4) ENTER TEXT IN BOX **⑤** (Description of Request) – Use the space provided to describe the purpose of the request.

## **SECTION 6: CONCLUSION**

The budget submission schedule for FY 2022 is tight so please make sure that you proof all documents before submission so that we can avoid any delays.

Revenue projections will probably not meet anticipated expense requests so it is highly likely that further refinements will be necessary as the budget progresses. As needs for refinement become necessary, we will work with Departments to provide the smoothest process possible and the best outcome for everyone in Pembroke.

Once again given the timelines if you have any questions please contact Bill Chenard (<a href="mailto:wchenard@townofpembrokemass.org">wchenard@townofpembrokemass.org</a>) or Mike Buckley (<a href="mailto:mbuckley@townofpembrokemass.org">mbuckley@townofpembrokemass.org</a>), ASAP so that we can keep the budget process moving.

Thank you!!!
